

## *My Precious Niece*

*My dear and precious niece  
You're more than words can say.*

*And you just get dearer  
every passing day.*

*They say "good looks"  
are only "skin deep."*

*But you're full of love  
And that will always keep.*

*I'm proud of you for so many things.*

*It's a joy when we are together.*

*And you have my love*

*Forever and Forever.*
