

## *To My New Daughter*

*Parents are very careful  
when making choices for their son.  
But sometimes a child makes choices  
not always number one.*

*But I'm glad he chose you  
to be his partner forever.  
It's plain for all to see  
how happy you are together.  
You are his wife and friend.*

*That won my heart, you see,  
you're not just a Daughter in Law,  
you're a dear Daughter to me.*
