

## *Dad*

*You sheltered us when times were bad.  
You helped us to see things we should.  
You helped us understand things better.*

*You were always there to watch us  
when no one else was able to.*

*Your loving, caring and understanding  
made us what we are today.*

*Days fall one after another,  
but our love will only get stronger.*

*We love you, Dad!*
