

What Is A Mother?

*A mother is someone who's always around
when you're stuck for some friendly advice.*

*A mother is someone who knows how you feel
and who'll help you without thinking twice...*

*A mother is someone so thoughtful and kind
she's made her own place in your heart...*

*A mother is someone you wish all life's best
with the love that's been hers from the start.*
