

## *To My Brother*

*Brother is a lovely word  
that always brings to mind  
memories of the happiest  
and very warmest kind!*

*Thoughts of you bring memories  
through each passing year,  
you've been the kind of Brother  
who's especially sweet and dear.*

*If you could read my heart  
then you would surely see  
with every day that passes by  
you mean still more to me.*
