

# *My Dear Brother*

*Dear and precious brother  
You're more than words can say.*

*You just keep getting dearer  
every passing day.*

*They say "good looks"  
are only "skin deep."*

*But you're full of love*

*And that will always keep.*

*I'm proud of you for so many things*

*It's a joy when we are together.*

*As my brother you will have my love*

*Forever and Forever.*
