

My Brother

*Sometimes you are a mirror image of me,
Beside me in times of trouble you will always be.*

*Sometimes we may get into a fight,
But most of the time everything is alright.*

*I know we are not exactly the same,
But we both will continue our family's name.*

*You are such a very good friend,
I know you'll be there 'til the end.
You are a special person like no other,
I'm glad to say that you're my brother.*
