

To My New Daughter

*Parents are very careful
when making choices for their son.
But sometimes a child makes choices
not always number one.*

*But I'm glad he chose you
to be his partner forever.
It's plain for all to see
how happy you are together.
You are his wife and friend.*

*That won my heart, you see,
you're not just a Daughter in Law,
you're a dear Daughter to me.*
