

Dad

*You have given me the knowledge
to succeed in the world today. You
helped me to see things I should.
Even if it seemed I was ignoring
them, I still saw them. You were
always there to watch me, even
when I wasn't playing. Your
loving, caring and understanding
made me what I am today. Soon
I will move on and put all that
knowledge to use, and I can go
with confidence because I had a
great teacher. Thank you for
everything you have done for me.
Thank you for being the best
dad that you knew how!*
