

Congratulations

*The joy that a husband and wife
find together is part of God's wonderful plan
to bring the most perfect fulfillment that life
ever gives to a woman and a man. . .*

*Together they worship and pray,
their home life is founded on faith, hope and love,
and their happiness grows every day. . .*

*There's no greater joy for a man and a woman
than to find the real meaning of life
in the beautiful presence of God's Holy Spirit
that joins them as husband and wife.*
